Brilliant LED screen

A shining example of modern design at SOEHNLE

It's all in the name: The new Sensation personal scales from SOEHNLE exude extravagance and elegance at first sight. The striking light effect on the LED screen makes the scales an optical highlight in your bathroom. The Sensation also features all the attributes you'd expect in precision scales from SOEHNLE, the market leader in bathroom and kitchen scales in Germany.

The Sensation has the very latest in LED technology: The brilliance of the diodes ensures real definition to the screen display. At a height of 36 mm, the large numbers guarantee excellent readability. What's more, the LED scales consume far less energy than other conventional scales. The technical details of the Sensation personal scales are not the only impressive factor; the scales also feature a captivating, elegant design. The scales are available in three colours so you can coordinate them to your bathroom. A special feature of the scales is the screen, which at first sight blends in with the design, and only comes to life when the scales are in use.

Technical details:

- Dynamic LED screen (36-mm-high numbers)
- Automatic on/off function
- Load capacity: 150 kg
- Graduation: 100 g
- Units available: kg / lb / st
- 5-year warranty
